

## WORKSHOP CLASSES

Learn how Katelyn's felt designs have made her internationally renowned and have her described as a champion of textiles.

Workshops are limited to small numbers so that we can be flexible with what we make. Here are a few ideas of what can be done..

- \* Bring in an old wool or cashmere jumper with holes and we will fix the holes with felted wool patches and patterns.
- \* Choose to make a scarf with full wool or with a silk base.
- \* Make a bag, cushion, wool hat or toys, or a pair of slippers

Wear old clothes that can get a bit dirty. Also bring a plate of food to share as it is an energetic workshop and you will need to keep your energy up (some people consider it an exercise class).
